### WHO MAY APPLY TO THIS ANNOUNCEMENT:

- Any US Citizen

### MAJOR DUTIES:

The incumbent is responsible for the day-to-day operation and management of assigned rooms and areas within the animal facilities. These rooms are varied and may involve comparative laboratory animal science, and related husbandry; allied health and nursing care; clinical laboratory support, requisition of laboratory animals, and related equipment and supplies. The incumbent receives animal subjects, equipment, supplies and services delivered to the Animal Facility. In appropriate settings, prepares and maintains various species of animals, in programs of research, testing, development and training, as substitute models and with ethical responsibility for the well being and welfare of all animal subjects on the local facility and satellite facility. The opinions and actions of the incumbent in interactive situations have an impact on various either VAMC services with animal study related programs (i.e., surgical, Medical, Educational) thereby directly affecting the quality of the success and productivity of all programs at the facility involving animal models in research, development, and training biomedicine.

### **THIS POSITION IS IN THE BARGAINING UNIT**

### QUALIFICATION REQUIREMENTS:

**Eligibility:** U.S. Office of Personnel Management Qualification Standards Handbook for GS-404 series applies and may be reviewed in the Human Resources Management Service office.

**Specialized Experience:** At least one year of specialized experience must have been comparable to the next lower level in the Federal Service. Experience must have been related to the work of the position for which application is made. The specialized experience required for some positions in this series is normally work performed in a controlled environment. Examples of qualifying specialized experience include: Research activity or control program work; nursery work that required the growing and maintenance of plants in a controlled environment; work comparable to that with a large dairy farm where production records, animal environment; and sanitary conditions were kept in accordance with modern dairy practice. Farming experience that was not performed in a controlled environment, or experience as a laborer who was not responsible for planning and scheduling his/her own work, but only performed assigned tasks, would not qualify as specialized experience.

**Substitution of Education for Experience:** Successful completion of a four year course of study above the high school level leading to a bachelor's degree with a major study of at least 24 semester hours in any combination of scientific or technical courses such as biology, chemistry, statistics, entomology animal husbandry, botany, physics, agriculture, or mathematics. At least six semester hours of courses must have been directly related to the position being filled. If using education as a substitute for experience, please submit a copy of your college transcripts with application packet.

## **BASIS OF RATING: (Knowledge, Skills, Abilities (KSAs))**

***On a separate sheet of paper, provide a written, detailed response to each of the KSAs. Failure to respond to rating factors will result in applicant not being referred for the position:***

1. Knowledge and experience in keeping inventory for a large research laboratory.
2. Ability to recommend, develop, and implement procedures and comply with regulations regarding animal welfare and safety.
3. Experience on working with a maintaining equipment in an animal facility.
4. Ability to maintain, schedule and oversee procedural areas in an animal facility.
